THE BULLIONVILLE RAILEON -There is no use in longer trying to deny the fact that the narrow-gauge railroad be-tween here and Bullionville has proved a failure. The rails are too frail, and the grading, in places, is not safe. A new survey is being made, and the work of constructing a good, serviceable railroad between here and Bullionville is now be-ing prosecuted sensibly and in carnest. abundance of necessary new mate-is en route. The curves of the exrial is en route. The curves of the existing track makes locomotion with heavy loads impracticable. It is an enterprise of first importance in the development of our mines, and must, in the end, prove a paying investment to the projectors.

GOOD TIMES PROBABLY. - In a certain contingency—dependent upon the term-ination of the Raymond & Ely suit—a field will be opened for several hundred more miners in Lincoln county. Among the proposed enterprises are the con-struction of a new mill at Hiko, and the energetic development of mines in this immediate vicinity in which nothing is now being dore. "We may be happy

FRUIT IN ST. GEORGE.-A gentleman who has just arrived from the lower settlements of Washington county, Utah, about 100 miles southeast of Pioche, in-

St. George, which is sufficient guarantee to us that the enterprise will prove successful. He has a large number of men can't tell when Henry Raymon's bought at work on the cellars and vats of the

DIVINE SERVICE.—Service will be held in the schoolhouse, at Bullionville, on next Sunday morning, at 10:30. Sunday school at 2 p. m. Service in Pieche schoolhouse at 7:30 p. m. DIVINE SERVICE .- Service will be held day school at 2 p. m. Serv schoolhouse at 7:30 p. m.

Church every night this week. Good Friday services at 11 a. m. and 71.

J. R. NORTON has purchased the establishment of Mr. Goodrich, in Bristol District. Mr. Norton intends to establish a first-class boarding-house and saloon, which latter will be well supplied with the best of wines and liquurs, direct from San Francisco, over which he will preside himself, while the culinary department of the boarding-house will be conducted by that cook of all cooks Sam Debart for of the Cosmopolitan Hotel at San isco. Mrs. J. R. Norton will have supervision of the boarding department. No Chinaman will be allowed about the premises. Those who have occasion to visit Bristol D strict will do well to convince themselves that the accommoda-tions and fare offered by Mr. Norton, are second to none in Southern Nevada.

Ir is a well known fact that Dyspepsia and Indigestion are the causes of nearly all the diseases that the human body is all the diseases that the human body is heir to; then why pay enormous dector's bills? By using Dr. Henley's celebrated I X L Bitters they can be thoroughly cradicated from the system and new life imparted to the sufferer. Read advertisement in another column.

REMOVED .- The undersigned have removed their stock of cigars, tobacco and fancy goods to Jacobs & Sultan's block, a few days above the old stand, where they will be pleased to receive old customers and form the acquaintance of new ones.

S. Folk & Co.

We would call the attention of our readers to the advertisement in another Co., of New York; they advertise, what is indeed a valuable invention, a first-class sewing machine for five dollars.

Nortex .- If you wish to pass away a few hours pleasantly, call on Frank Black, at his Keno Rooms, up stairs, in rear of E. Hamilton's Salcon. The game will be open every afternoon and evening.

RARE CHANCE. - On Thursday evening. at 9 o'clock, there will be a pool of \$50, gold coin, to be played for at Prank Black's Keno Rooms. Don't forget to take a card.

WEDNESDAY'S PROCEEDINGS.

The session commenced yesterday morning with the reading of additional letters from Col. Lightner to Alpheus Bull, President of the Raymond & ly Mining Company, for the purpose, as expressed by the counsel for the plaintiffs, of showing that while the prospects and condition of the Pannea titles and ground were repeatedly discussed, all mention of the Hermes location and pro-ceedings were studiously avoided. Also a private letter to A. J. Moulder, the Seceretary of the Raymond & Ely Com-

that he thought the contract for sinking the Hermes shaft was let before the in-

the Hermes shaft was let before the incorporation of that company.

W. H. Raymond was recalled, and stated that he had seen a copy of the Mealow Vall-y Mining District records that was made by and under the direction of Henry Raymond. He saw it at the office in Meado's Valley; had seen it within two months at the Raymond & Elyoffice in San Francisco; it was sent to Pioche nine or ten weeks since. He referred to book A of the records. [The copy was here shown the witness, who identified it.] It was packed in a box and sent to Judge Garber, at Pioche, by express; had seen the box since at Col. Thornton's office in the last of September or beginning of October, 1871; he had an interview with Mr. Hearst, in San Francisco, at Mr. Haggiu's office: had an interview with Mr. Hearst, in San Francisco, at Mr. Haggin's office; Mr. Hearst told him that he wanted the 400 feet of Panaca ground bought by Henry Raymond of the Box sto put in a new company; I think that during the interview I was shown a map with the Hermes location maried on it; had beinterview received a letter from fore the interview received a letter from Col. Lightner respecting the formation of a new company; Mr. Hearst said he wanted the Panaca ground my brother owned; I never owned it; Mr. Hearst wanted to put it in the Hermes company with the Monitor; Hearst said it (the Panaca) was not good for anything; he offered me \$6,000 in cash and one-sixth of the Hermes stock; I replied that sixth of the Hermes stock; I replied that I didn't want to sell a worthless thing; I said I thought Panaca might be as go as the Hermes; I said there might some reason in it if he offered me 20,000 shares. He said that he would give me the control: I said that I then could strangle the cat in its infancy; I came to no understanding to go into the Hermes with Hearst; I had suggested before to Lightner that the Panaca shaft was the proper place to prospect and work; In May or in the first of June, when I came back, Lightner told me he had com-menced a new shaft; had a conversation with Lightner respecting the expediency of connecting the Lightner and Panaca shafts last April a year ago; it was urged several times; I stood on the second or third level, right under where it was said the Panaca shaft would penetrate if extended. (memorandum written by Colon Lightner was here shown to witness.)

furnished Colonel Lightner the names of the witnesses, and directed Henry Ray mond to write to him about it about the time of striking the ledge in the Lightner shaft; told Lightner where Atchison, Pulsifer and Hamlin lived; I was present when Lightner made payments to Perley for the Monitor: Perley wanted \$550; Lightner puid \$500; never knew what perion of the Monitor it was for; I understood that it was for the property bought of McLane; McLane told me he

The memoranda of Lightner, heretofore referred to, was then read, being the statement of Colonel Raymond as to the

out Box; think Henry went to Salt Lake City to buy out Box; it was at or near the time when the ledge was struck in day school at 2 p. m. Service in Pieche schoolhouse at 7:30 p. m.

New Boilers.—The Raymond & Ely 20-stamp mill at Bullionville is having new boilers put in place. The old steam works were considerably the worse for wear.

Religious.—Services in the Episcopal Church every night this week. Good Church every night this week. Good Eriday services at 11 a. m. and 71. there was or was not a stake on the Pa-naca ground; I never staked off an inch of ground that I did not own; after the old Panaca shaft was started I could have pointed out the Panaca ground

have pointed out the Panaca ground; the only work done in this camp at the time was the old Panaca shaft; think that persons could have gone on the Panaca ground and ascertained it by pacing from the shaft after consulting records; I saw one stake in 1869; that 400 feet was bought from Box to support the title; I never offered to take 10,000 shares of Hermes stock and settle with Hearst; P told him that if he had made an offer of 20,000 shares there would be some sense in it, and I then could kill the eat; Henry Raymond paid could be some sense in Raymond paid could kill the cat; Henry Raymond paid the money to Box himself; he has could kill the cat; Henry Raymond paid the money to Box himself, he has coney; I did not furnish it to him; I thought he could get it for \$2,000, but said he might go as high as \$15,000; when he wants money he takes it; we have money in common; can't tell whether it was my money or not that he took to buy Box's title; I got Sherwood's title within the last three or four months member distinctly; I never denied the Hamlin and Pulsifer titles; I was not in San Francisco when McAllister al-

efforts; the case was ably managed, and it was considered that you had saved the case.

At this time Mr. Perley became quite indisposed, and, it being nearly time for receas, the Court adjourned until the afternoon session.

AFTERNOON SESSION.

Examination of Colonel W. H. Raymond resumed—[Judge Mesick now conducted the examination in behalf of the plaintiffs.] I was a trustee of the Raymond & Ely ground; you told me that it was on the Raymond & Ely mining Company last year, am now, and have been since its organization as a corporation; am also a large stockholder. I took an interest in its affairs in 1872; was conversant with its affairs, except those in Pioche; its principal place of business is in San Francisco; I know of a suit against the Raymond the Raymond & Ely Company what I could testify to; told fairs, except those in Pioche; its principal place of business is in San Francisco; I know of a suit against the Raymond the Raymond & Ely Company what I could testify to; told the counsel of the Raymond & Ely Company what I could testify to; told the since the trial commenced; you told me that you had made the location before the fire; could have told you told me that you had made the location before the fire; could have told you. plaintiff; the case went off, but I am not familiar with the details; never knew on what ruling the case went off; did not pay attention to that matter, only know the case was gained; I think an answer was prepared; think it was prepared by Perley and Hardy; my impression is that part of the answer was made in my presence; don't remember which part; the

ng of the answer. Judge Mesick here proposed to read the

fect of the Raymond & Ely ground; he asserted the claim under the Panaca consolidation agreement; when the question of that fitle was brought up by the lawyers I have always asserted that it was the main title. [A portion of the suswer was read to witness, who was asked if he could remember it being read to him in San Francisco. He replied, I can't remember if I heard that read; if I had I should think I would protest account it if I had we sense.]

Panaca was not good for anything; I said, in that case it was not worth while to sell it if it was so worthless; besides to sell it if it was so worthless; besides I was a Raymond & Ely trustee; I said if they had offered me 20,000 shares there might be some sense in it—then I could have strangled the cat; they offered me one-sixth; I said I wasn't going in at all; the Box titles were bought for the purpose of trying the validity of the old titles; my brother gave \$6,000 for them; at the last of the interview with Hearst I said I would think of it, and left and mare called again; don't think Hearst naver called again; don't think Henry Raymond communicated with Haggin; don't remember of making a proposition of going in with Hearst with scattering oil going in with Hearst with scattering claims; the principal reason. If you want to know why I did not go into the Her-mes was because I thought it got up for a chear! I did not make a proposition that I would go in with Hearst on condition of receiving a certain number of shares; the letter from Lightner stating that I could get 10,000 or 12 000 shares was in my pocket when I was talking to Hearst; I showed it not to Hearst or any one excepting my brother; I only know of the formation of the Hermes

Direct respect—1 remember of three or four of us leaving San Francisco for Pioche in November last; remember meeting Judge Garber at Reno; Garber was in San Francisco when the answer was read, if read at all; I know if I had heard it I should have asked its effect on

The Proposed answer, with the por-tions of the McDermott complaint nec-

ants, asked a few questions, which closed the examination of Col. Raymond.
The compaint of the Raymond & Ely Company vs. the Meadow Valley Extension Company was offered and admitted in evidence; also an extract from the Court minutes of August 28, 1871, wherein D. W. Perley was substituted for J. C. Foster as Attorney of record for the Raymond & Ely Mining Co.; also the complaint of the Raymond & Ely vs. the Kentucky Mining Company.

D. Wilkin testified that he had had a conversation with Parley about the Parley a

conversation with Perley about the Caro-line and other claims on Panaca Flat; it was before the fire; think the fire was it was before the fire; think the fire was a year ago last September; on the 15th September, 1871; I don't think I would have recollected anything about the conversation unless I had been interested in the Caroline, in conversation with Mr. Sawyer; we had taken a lease for six months to work the Caroline; Perley asked me when the Caroline was located lesded me when the caroline was located;
I said it was an old location, somewhere
behind Glisson's; Perley said he thought
any expense I went to would be thrown
away; he gave as his reason that, the old
Panaca owned the ground; on the same
morning that I met Mr. Perley up there,
several other contlemen were there. several other gentlemen were there-Bishop and Foster, I think; Bishop spoke of a location he had a little up the gulch; Mr. Perley asked me to go with him to the old Panaca shaft; he said the croppings of the Caroline were evidently the eroppings of the old Panaca; be showed me another claim; don't remem-ber the name; I looked down the shaft; ber the name; I looked down the shaft; it was not over 40 or 50 feet from the old Panaca shaft, in a west direction; he told me he had located it, or that he was a locator in it; he told me that he had made a location in the interest of the Raymond & Ely Co., of which

Cross-examined by Mr. Perley—I got no money from the Raymond & Ely Co., or promise of any for my testimony today; I expect to get nothing but my fees, and that I had a good mind to demand beforehand; all my accounts were burnt in the fire; I didn't go to the Lightner shaft when up there with you; don't know what its depth was; don't know that I tried to intrude on the ledge struck in the Lightner shaft; had a lease of the Caroline before you spoke to me

stated that he had made the local on he afterwards found to be the Hermes, in the interest of and while acting attorney for the Raymond & ly Mening

for the Raymond & Company were admitted in evidence; also some more letters from Colonel Lightner to Bull and E. S. Davis; one containing a diagram of the mine. The plaintiffs coun sel then offered a number of deeds an examined several witnesses to prove the same. They were admitted, the objec-tions of the defendants being overruled. After which the Court adjourned to 10 o'clock this morning.

MORE VESTIGES OF A LOST CIVILIZArios. - We are told a number of additional relics of a by-gone civilization have been found between here and Bullionville. We have in our possession a piece of the pottery, which is said to be exactly like similar fragments found in Arizona and New Mexico. It is different from anything in that line we ever say but looks more like old-fashioned stone out foods more like or lastice we can think of. The coloring must be of metalic origin, for it is a deep black, and has not faded in the slightest degree through the probable centuries that the fragment has een exposed to storm and sun.

THE ARIZONA PRECIOUS STONES .- We were to-day shown some specimens of the precious stones concerning the discovery of which a dispatch recently appeared in our columns from St. George, Utah. Those examined by us are gar-nets, and not remarkable either for size or brilliancy. We know a place up in Montana where such can be gathered by the peck. If there is nothing more

THE PROPOSED ST. GEORGE MAIL. - Mr. Lund, of the Descret Telegraph line, just in from St. George, Utah, says he is confident 3,000 signatures could be obtained in that place, and in the settle-ments between here and there, for daily or tri-weekly mail communication between Pioche and St. George. A route is advertised between St. George and Prescott, Arizona, which should be ex-tended on through to Piochs. Who will draft the necessary petitions, we again

THE PACIFIC TUNNEL.-The Pacific tunnel promises to more than realize the expectations of the holders of stock in the enterprise. A fine ledge of ore is new being followed, and day and night shifts are engaged. This is one of the mining enterprises of Southeastern Ne-vada which will bear scrutiny, Superintendent Nichols ever taking pleasure in exhibiting the developments to visitors. exhibiting the developments to visitors. Some ore is being extracted, and it can be run out in immense quantities when-ever it is thought advisable to commence milling.

GOLD QUARTZ .- There is something in the report published in the RECORD, a few days ago, of the discovery of rich gold veins in the country north of us. Considerable excitement exists in South Considerable excitement exists in South Tintic (Utah) over recent discoveries of gold quartz in that city, and preparations were being made by a large number of miners in adjoining districts to start for the diggings. A great rush is anticipated as soon as spring fairly opens, but we advise parties in this section to remain at home and await further developments before packing up.

CHANGE OF AGENCY.-T. F. Lawler formerly railroad agent at Palisade, will hereafter have charge of Pritchard's fast freight business in Pioche. Mr. Lawler takes the place of George W Dwight, It is a line of business in which Mr. L. has had extended experience, and there is no doubt our business men will be satisfied with his management.

PERSONAL. - Mr. R. C. Lund, formerly of St. George, is now in Pioche with the intention of taking the management of the Descret Telegraph Company's business at this place. Mr. Lund had charge of the St. George office from the first establishment of the line until he

Raymond & Ely mine met with a slight, but temporarily painful, accident yester-day. As he was descending on the cage one of his heels, protruding over the edge, struck a timber, and was badly bruised.

St. VINCENT DE PAUL'S BALL .-We hope our friends will bear in mind that next Monday night is set for the ball for the benefit of the hospital of the Society of St. Vincent de Paul. A fin supper will be spread on the occasion

MINES IN NORTHEAST ARIZONA .- Rich silver mines are reported east of Beaverdam, this country being in the extreme northwestern corner of Arizona. We are told that parties in Salt Lake lately offer-ed \$30,000 for one of these mines.

SEWING MACHINE AT RAFFLE. -On next Saturday night the sewing machine be-

LEAVES FOR SALT LAKE. - Josiah Rogerson, the polite operator of the Descret Telegraph office here, leaves for Salt Lake this morning. He will return in two or three weeks.

BURIAL .- An infant son of Joseph Wil liams, seven months old, was buried

ADVANCING. - Raymond & Elystock, a will be seen by reference to the quota-tions of yesterday, is advancing. It may be the general rise so long predicted; but we have doubt of this.

THE MCGUFFIE ROBBERS,-The MC-Guffie robbers, we have it from the best authority, are now in this city. A few more links are to be supplied, and the chain of evidence will then be complete.

of disturbing the peace by discharging his revolver in the street. He will appear for sentence to-day. Salt from O'Doherty's salt beds, in

Tooele county, Utah, continues to arrive. We understand there is some fine table salt on the road.

the regular monthly meeting of the Beard of
Direction, held lst inst., a dividend was declared for the month of March, of two and one
half per cent. on amount of capital stock paid
in, payable on the tenth instant, at the Bank, in
U. S. gold coin, or in the stock of the curporation at its par value, at the option of the stockholder.

J. W. WRIGHT, Manager.
Pioche, Nevada, April 2, 1873. ap3-st

NOTICE.

AT A MEETING OF THE SOCIETY OF St. Vincent de Paut, held on the 18th instant, a further postponement of the Ball 10 Monday, the 14th of April,

Was decided on Ceptain Hanley, of th Meagher Guards, has generously volunteers the use of Armery Hall, for the occasion grati THE MANAGERS OF ST. VINCENT'S BALL.

W. H. Clark was called, and testified

from the fruit trees in those sections and the fruit is forming. Bountiful fruit yields are anticin ated—the prospect was never brighter at this season.

Our old friend J. E. Johnston, formerly of Pottowottomic county, Iowa, is President of the wine-making association at St. George, which is sufficient guarantee to us that the enterprise will prove successful. H.

don't know that Alpheus Bull denied the Panaca title; don't know when the answer in the McDermott suit was answer in the McDermott suit was drawn; I never instructed you (Perley) to deny Hamlin's title; told you in gen-eral terms to put forward the poorest title first and keep the Panaca, which I considered the best, forthe last; the pro-posed answer in the McDermott suit might have been read, but I do not re-

lowed the demurrer in the McDermott suit to be everruled; can't tell whether the trustees were saved from denying the Panaca title through your (Perley's) efforts; the case was ably managed, and it was considered that you had saved the case.

DAILY RECORD The Great Mining Suit. whole was not read; don't remember any explanation; don't recollect that I made any objections; my impression first was that I was East at the time, but now I recollect it was after I returned to San Francisco, in November; I was told that McAllister had neglected to have the an-

swer prepared; my impression is that Per-ley and Hardy were present at the read-

answer referred to to witness.

Examination resumed — My understanding of the object of the McDermott suit was to establish a claim to 9,113 feet of the Raymond & Ely ground; he asserted the claim under the Panaca consolidation agreement; when the questions of the constant of the const

against it if I had my senses.]

Cel. Thornton desired that the whole paper be read, when Judge Mesick argued that it should be admitted in evidence. After this a number of extracts from the document were read to the witness. from the document were read to the warness, who returned the same answer in each instance—that he did not remember whether it was read or not, remarking that he wasn't the Judge of the proposed to the desiration the McDermott er mode of defeating the McDermott title; my impression was that the true way was to deny the jurisdiction of the Court in California; and then I would have defeated by the truth; couldn't swear whether the answer was read en-tirely or not; have a faint recollection of a paper being read in the middle room in the Raymond & Elyoffice, in presence of Hardy and Perley; but I know well that I protested against committing the Panaca title in that way; never talked with Mr. Rives about getting the Moni-tor ground; Lightner had a conversation with me in which he stated the impor-tance of procuring it; I saw McLane, who asked me \$2,000 for his claim; I went over to Hearst's or Haggin's office by Hearst's desire; he wanted me to put the Box titles in the Hermes Company; don't remember any other interview that could be called one; I saw him once at the Raymond & Ely office; Hearst showed me a map with the Hermes and Panaca locations upon it; I told him he was on the Raymond & Ely ground; Hearst said that Colonel Lightner pointed out the ground, and ought to know: I said he did know it; I didn't offer to go into the Hermes Company if I received half the stock; Hearst said the

corporation from the newspapers; don't know that I told Alphens Boll that I couldn't go in with a better man than Hearst; should think it was flattery to

essary to read the answer intelligibly, was here admitted in evidence.] Judge Lake, on behalf of the defend-

company he was the attorney, and that was the claim. Cross-examined by Mr. Perley—I got
